English : The bedrock of ICSE performance

With two papers at the ICSE Board exams and the only compulsory component in the best of 5 scores (English + best 4), the importance of English cannot be understated. 'VEA' will make you fall in love with the intricacies of language, unravel layers of meaning and give different hues to the words altogether. Here Shakespeare's characters come to life, the gems of 'Treasure Trove' mesmerize you and there is a little craziness about grammar which will make for a fascinating journey. What you take away is a great score and greater confidence after learning the nuances of the language.

TESTIMONIALS

"I like a teacher who gives you something to take home to think about besides homework." This quote stands true to the experience of learning English at VEA because Vikramjit Sir is an outstanding teacher who also teaches us those lessons that we would remember throughout our lives. So it is hardly surprising that I enthusiastically attended all his classes for two years. We enjoyed every minute of every lecture and those creative techniques that Sir used like teaching the rules of grammar through music. The way he explained the complex dialogues of the play and the meanings with various examples, jokes and puns made learning English a wonderful experience. The test series and endless grammar worksheets proved to be very beneficial to us. The notes provided by Sir are quite self-sufficient, up to the point and easy to understand. I only referred to these notes during exams and that helped me tremendously to keep the other clutter out of mind.

It was super fun studying here. The audio-visual method of teaching helped me remember stories very well. The keyword tests and the videos were an effective way of studying the Merchant of Venice. Moreover, last minute grammar tips and practice of loads of topics of writing skills was quite helpful. The testing method here with large number of practice papers helped me gain confidence in my preparation and it was quite precise. In short, academics at Vikram's English Academy was very well planned to get students in line with English.

When I first joined VEA in the ninth grade , it was just another class for me but now I can say it's so much more than merely a class. My experience at VEA has been unforgettable. Vikramjeet Sir's way of teaching, sharing his incredible thoughts and perspectives in every lecture, made it surprisingly and suddenly so simple for me. All these 2 years, I never felt the need to mug up answers or feel demotivated because of one small failed attempt ; thanks to his incredible lectures, the study material - the VEA textbook, the keyword tests, revision, doubt solving lectures, the MOV videos, the grammar tests and multiple question papers and answers keys on the website, the MILESTONE lecture and the list is endless. I remember how even at 3 AM, the night before our board exams, both Kripa Madam and Sir were replying on whats app to the 1000's of doubts we had .

Vikram's English Academy made learning English really fun and easy. Vikramjit Sir always pointed out the little details in each story and that made Literature really interesting. We got a lot of practice for grammar, which is absolutely necessary. The Milestone lecture was the best part. It really inspired us.

VEA is a promise that Vikramjeet Sir has been fulfilling in the supercalifragilisticexpialidocious way humanly possible. It is the ultimate destination where one not just learns English but understands and actually falls in love with it. Sir's beaming smile, smart puns and his awe-aspiring charisma make his lectures so lively that time seems to fly away. The Milestone lecture was life changing. Vikramjeet Sir is not just the best English teacher in the world; to his students, he is a lot more.

TESTIMONIALS

Be it exams or study material or the loads of encouragement I got from Vikramjit Sir, it all built up to a very conducive atmosphere to study and excel in. Shakespeare was not just taught as yet another mundane portion of the syllabus- it was taught as a masterpiece... The online grammar practice coupled with songs penned by Sir made grammar all the more interesting. I remember the night of 25th February: the eve of my board exam. It was past 11 pm and my doubts seemed never ending, but Sir was the rock who stood by me for almost half an hour! Sir was concerned about all my exams and even after the results were out, his good wishes paid off to give me a 1- mark increase in rechecking! These two years were a combined effort- Vikram Sir's expertise and VEA's efficiency to bring out the best in everyone.

The last moment solving of papers especially the writing skills, discussing letters, essays, prepositions etc. were of great help and indeed helped me score better marks in my board exams. Sir always made time for us to solve our doubts, never left us unattended, handled our problems in grammar related to English as well as life. His 'Milestone' lecture was indeed a changing point in my life. He boosted us, inspired us, taught us to dream, to tackle our problems, and helped us to have a positive approach towards life.

Riya Paul (Former Head Girl of Euro School.) 95 in English at ICSE

In the 9th standard my grades in English were very low and when I joined VEA I started seeing a change in me because the subject was not the same anymore. It was easy for me due to the tests and the proper explanation of the text that was done in the class. It is said 'Better than a thousand days of diligent study, is one day with a great teacher' and that's what Vikramjeet is to me-a great teacher.
